Tom's Verbiage

In accordance with 21 CFR 1301.74, we are required to conduct independent analysis of orders prior to completing a sale to determine whether substances are likely to be diverted from legitimate channels. You have been contacted due to the fact that your order placed on 7/20/10, has prompted further analysis based on a deviation in one of the following areas; unusual size, frequency, or pattern. In an effort to expedite the investigative process and mitigate any delays or inconvenience, we are requesting supporting information necessary to justify the fulfillment of the order in question.

Answering the following questions may explain a deviation from normal pattern, size, and frequency:

- Has business increased? If so explain.
- Is this a new item for a customer?
- Is there Back order situation with alternate supplier?

Your prompt response and supporting documentation in regards to this matter are greatly appreciated.

FYI

As discussed during our 11:00 am EST meeting today, we have come to the following agreement.

Any order placed on June 21, 22 or 23 by ABC, Cardinal, McKesson or HD Smith that is held by the system pending on SOMs review, will not require customer contact for order justification and DEA Affairs review. These orders may be released.

This agreement applies specifically to these customers and order dates only.

Thank you.

I just wanted to make mention that the multipliers they put in place the other day are lower than the multipliers we started SOMS with in 2004.

| COT | STARTED WITH | CHANGED | RECENT (2010) | 6/24/2010 |
|-------------|--------------|---------|---------------|-----------|
| CHAIN | 3 | 6 | 1.5 | 3 |
| DISTRIBUTOR | 1.5 | 3 | 1.25 | 1.25 |
| MAILORDER | 1.5 | 3 | 1.25 | 1.25 |
| MANUFACTURE | 1.5 | 3 | 1.25 | 1.25 |
| WHOLESALE | 1.5 | 3 | 1.25 | 2 |

Subject: SOMS Table

MD Team,

I did speak with Tom Napoli this afternoon regarding the amount of Order Pends based on the adjustments made to the table. He does feel that we can adjust for "COT Whsl." that based on the monitoring systems in place, and they extreme change we made, we can adjust to a multiplier of 2 vs. 1.25. He will have lone make this change as soon as she comes in on Wednesday AM.

Tom, Thanks for the feedback. If lone takes care of ASAP in the AM, this will show immediate progression for Wednesdays order validation process. Thank You.

Please let me know if you have any questions.

Thanks to this entire the team for the effort and diligence this program relies on.

Best Regards,
